

Shadow Box Card

1. You will need two pieces of cards stock $4 \frac{1}{4}$ x $5 \frac{1}{2}$ "
2. Place in landscape position in your simply scored tool and score each piece at $\frac{1}{2}$ " and 1" and $4 \frac{1}{2}$ " and 5".
3. In one piece cut or punch out in the center to create your frame.
4. Place the front piece on top of the back piece and stamp your focal point.
5. Then remove the top and finish decorating your focal point piece.
6. Then place sticky strip on both sides between the $\frac{1}{2}$ " and 1" score mark
7. Adhere the front to the back

The completed card is easy to mail as it lays flat.
